

Dynamic Import

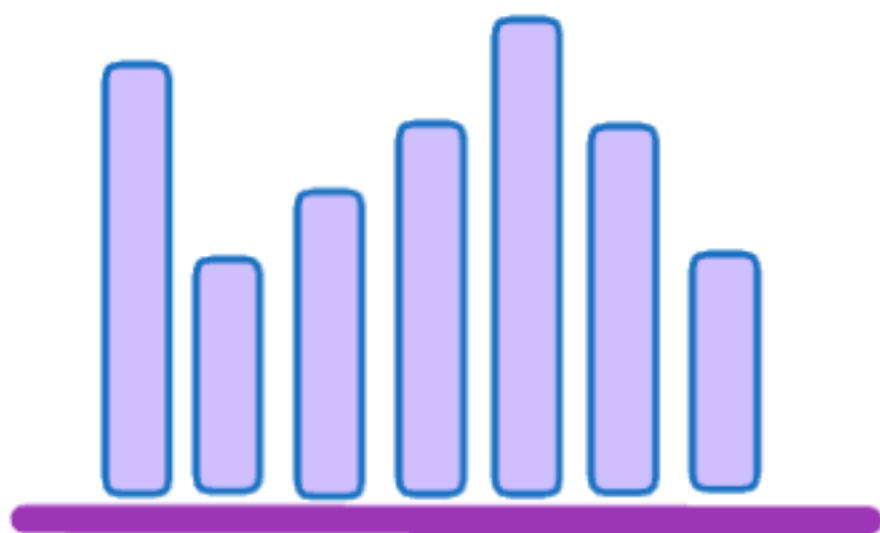

```
import FilterByLabel from './FilterByLabel'
import DateRange from './DateRange'

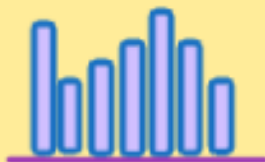

const GraphStylePicker = React.lazy(() => import('./GraphStylePicker'))

const TimeTrackingApp = () =>{
  ...

  return (
    <React.Suspense
      fallback={<div>loading graphs...</div>}
    >
      {isGraphPickerOpen ? </GraphStylePicker> : null}
    </React.Suspense>
  )
}
```

# graph style

# Dynamic Import

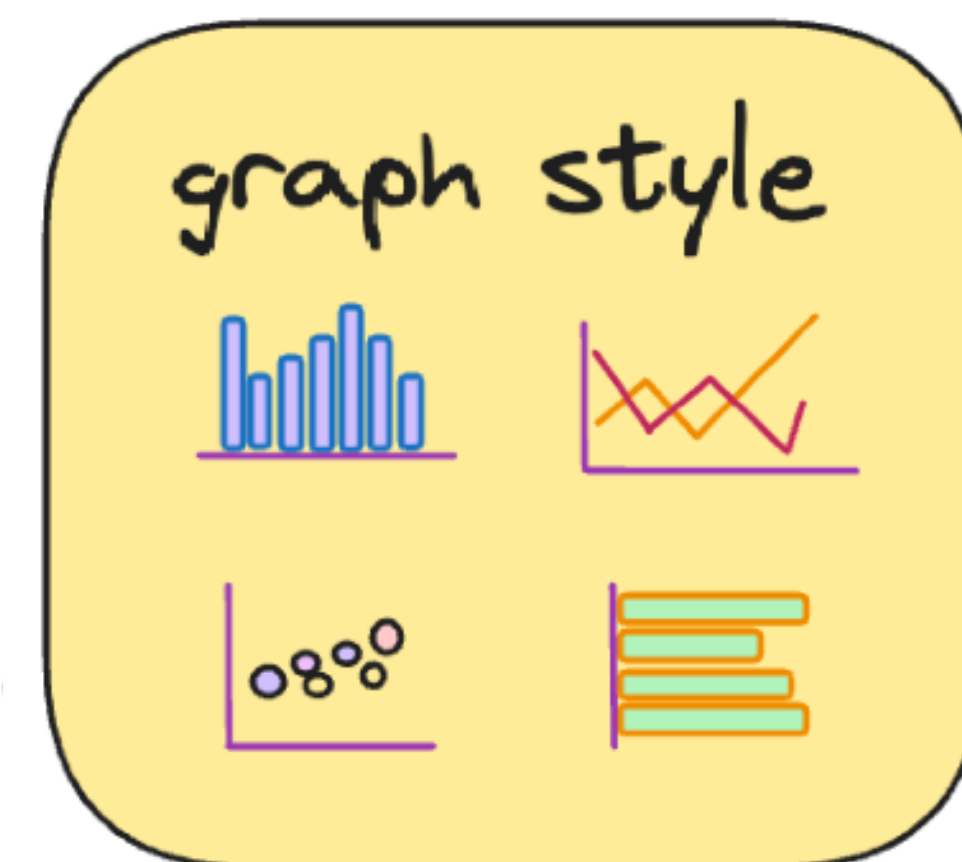

```
import FilterByLabel from './FilterByLabel'
import DateRange from './DateRange'

const GraphStylePicker = React.lazy(() => import('./GraphStylePicker'))

const TimeTrackingApp = () =>{
  ...

  return (
    <React.Suspense
      fallback=<div>loading graphs...</div>
    >
    {isGraphPickerOpen ? </GraphStylePicker> : null}
    </React.Suspense>
  )
}
```
