

Dynamic Import

# graph style

```
import FilterByLabel from './FilterByLabel'
import DateRange from './DateRange'

const GraphStylePicker = React.lazy(() => import('./GraphStylePicker'))

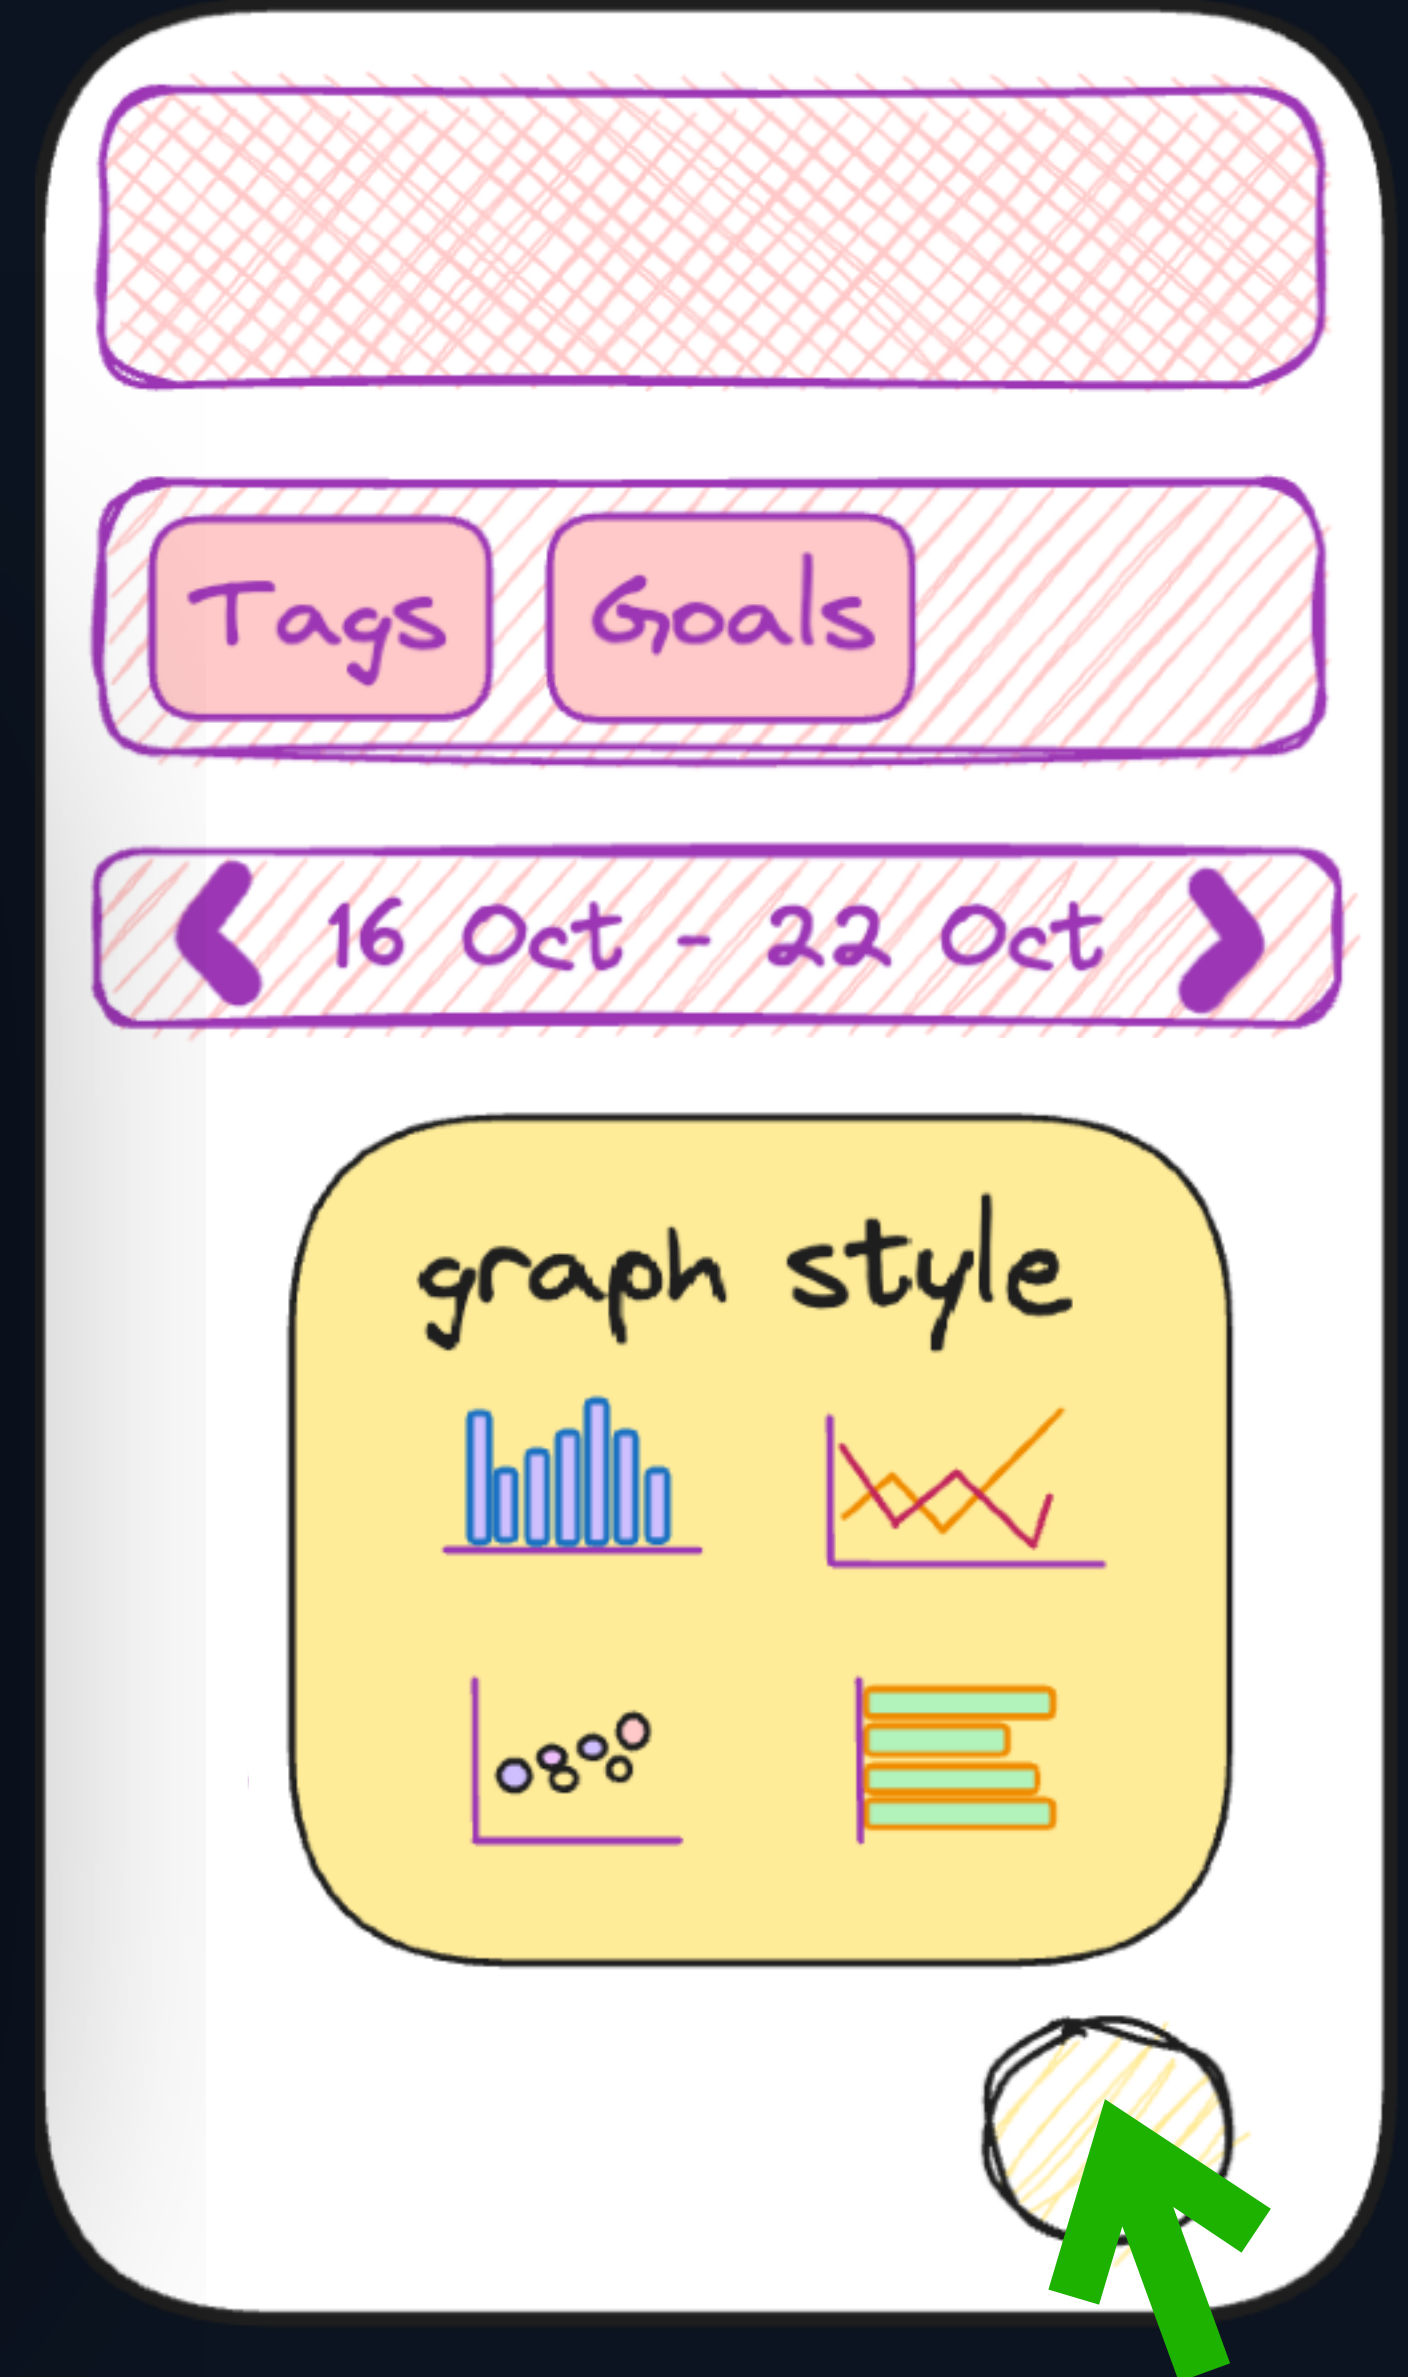

const TimeTrackingApp = () => {
  return (
    <React.Suspense fallback={<div>Loading graph styles..</div>}>
      {isGraphStylesOpen ? <GraphStylePicker /> : null}
    </React.Suspense>
  )
}
```

# Dynamic Import

```
import FilterByLabel from './FilterByLabel'
import DateRange from './DateRange'

const GraphStylePicker = React.lazy(() => import('./GraphStylePicker'))

const TimeTrackingApp = () => {
  return (
    <React.Suspense fallback={<div>Loading graph styles..</div>}>
      {isGraphStylesOpen ? <GraphStylePicker /> : null}
    </React.Suspense>
  )
}
```
